Scan to see video of AquaPiston and the DryLock Fast Install System in action.

AquaPiston™

A 3 to 2 ratio between the AquaPiston inlet and outlet valves harnesses the force of gravity to send 360° of water rushing into the system – delivering maximum power.

DryLock™ Fast Install System

The DryLock Fast Install System makes no-leak installations fast and foolproof – requiring only a socket wrench to secure the tank to the bowl and eliminating bolt holes drilled into the tank.

Smarter Power

Flushes 4x more than the average adult needs.

Better Clean

50% more rinsing power.*

Plug-Free

No more clogs.

* Compared to previous models.
